

Machine Handloom Knitwear

Description

At the heart of **Anne Lavene's legacy** is her **Visual Patterns system** a groundbreaking method utilising **10 core processes** and some supplementary videos that demystify machine knitting. Using an affordable, single-bed domestic knitting machine, Anne's system empowers knitters to achieve stunning, professional results. These processes form a toolkit for ongoing creativity and personal expression, far beyond the making of a single garment.

Learn by Doing:

Each **pattern portfolio**, designed for every skill level, serves as both an instructional guide and educational resource. When you purchase and download one of her **Designer-Direct visual patterns**, you gain access to Anne's approachable teaching style, learning not just the steps, but the true why and how behind designer machine knitting.

Free Video Guidance:

Anne's [Five-part YouTube tutorial series](#) brings her methods to life. With step-by-step demonstrations from Anne herself, you'll find expert instruction accessible and enjoyable.

Creative Portfolio:

Each Designer-Direct visual pattern offers more than just knitting instructions. Anne covers the ideal yarn types, techniques for joining and sizing, and provides practical, hands-on advice to help you succeed.

Empowering Others:

Many have found that Anne's simple, affordable approach sparks lasting creativity—several learners have moved from knitting their first garment to designing their own pieces or even starting small knitwear businesses. Anne's method is about more than making clothes; it's about empowerment.

A Lasting Impact:

Anne's passion for sharing continues through her son, **Jason**, who actively supports knitters in the **SoukUK community**. By making these resources widely available, Anne's inclusive approach is helping to transform how people experience and view machine knitting.

Ready to start your creative journey?

Eight of Anne's Designer-Direct patterns are now available for purchase and download from the [SoukUK online shop](#).
